

PROPOSED WORKS IN YOUR AREA - Corfe Mullen CP

Dear Sir/Madam

Between 1st June 2023 and 7th June 2023, the roads highlighted on the attached map are scheduled for surface dressing. These sites will form a rolling programme that is weather dependent and liable to change.

For safety reasons, work will be carried out under a road closure with local diversion. Signs on site will indicate the traffic management in operation. During the closure periods there will be no on street parking available. Parking restrictions will be imposed to prevent waiting or parking on the roads stated above. Any vehicle waiting in contravention of any restriction imposed by this Notice may be removed under the provisions of the Removal and Disposal of Vehicles Regulations 1986. If a vehicle has been towed the owner will need to contact our towing contractors Ashleywood Recovery Ltd/Bride Valley Recovery Ltd on 01305 889421.

Working times will be between the hours of 5am and 6pm, works will not take place at night, over the weekend or on Bank Holidays.

Due to the unpredictable weather, a narrower window for the work will be advertised two weeks before it's due to start through a public notice email and yellow advance notice boards will be placed on site two days in advance. Businesses and local farms affected by the works will also be notified three weeks before work starts. Access for residents will be maintained where possible, however they may be asked to wait while the site is made safe before travelling through. Where we know of school transport, we will ensure this is able to pass through the site or alter working hours accordingly.

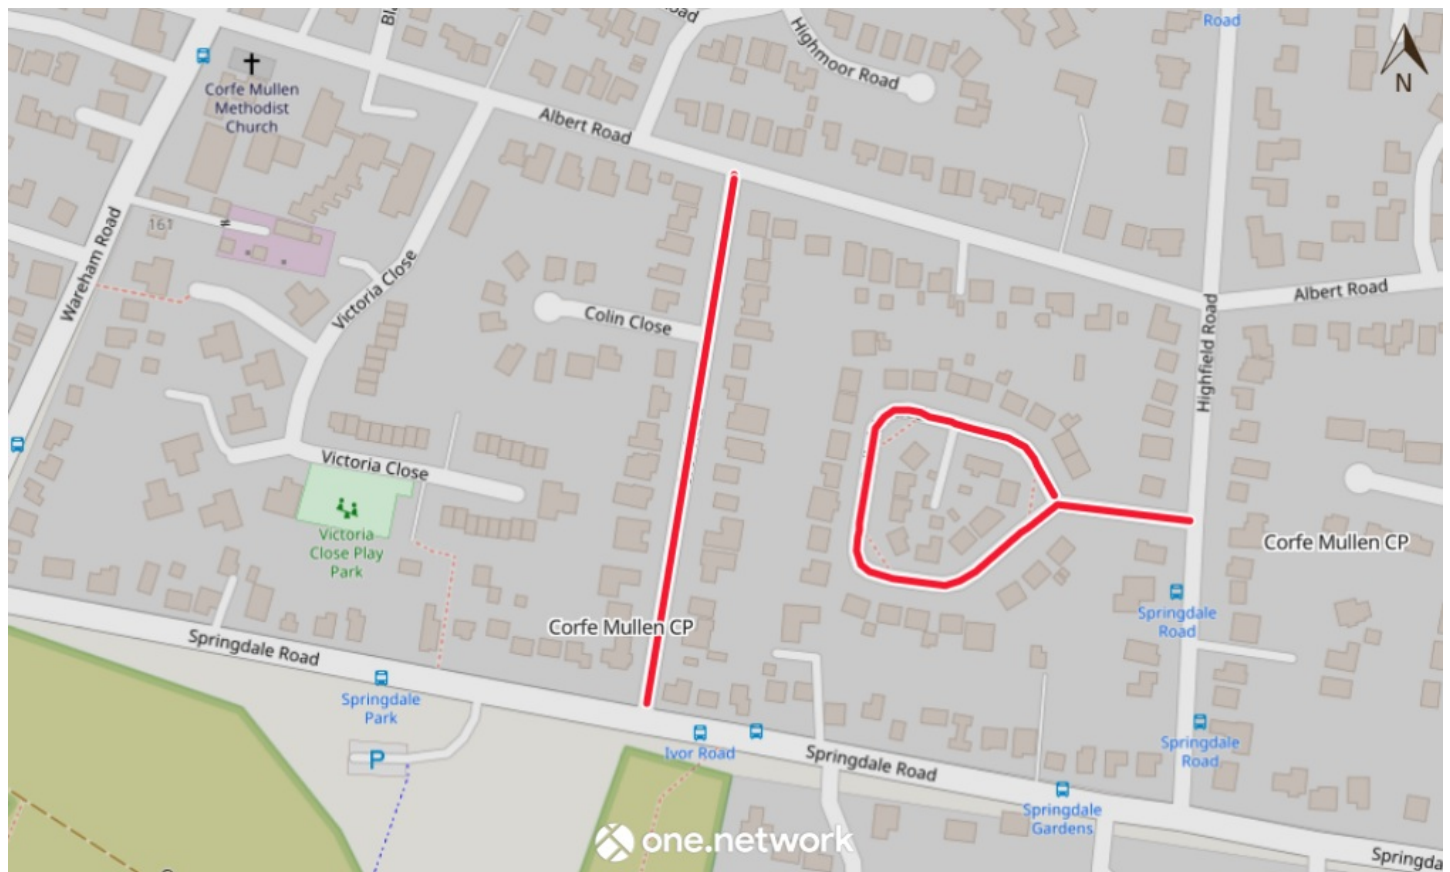

A small surplus of loose chippings will remain on the road, these will be removed by a suction sweeper around two days after the work. Shortly after this sweep any previous line markings will be reinstated.

If you wish to discuss any issues regarding this work, please [contact us](#).

Yours faithfully

Steve Higgs
