4. Building Alterations

The next phase of planned alterations is to make alterations of the Small Hall to allow better wheelchair access. It has been suggested that in addition to this a small ground floor extension might be appropriate to accommodate the kitchenette and table/chair storage, to enlarge the meeting area. It is therefore recommended that the Council works with an architect to draw up some amended plans for costing.

The Council has already granted £15,000 towards improvements and the Hall has some reserves of a similar amount it could use. Additional sources of funding are being investigated.

It was resolved to employ the services of an architect to draw up amended plans.
