Litter, recycling and dog foul deposits	<p>The Town Council provides sufficient litter bins on all its sites.</p> <p>In addition, it provides dog bins on Corfe Mullen Recreation Ground.</p> <p>[NB Dog bins at Springdale Road are provided by East Dorset District Council].</p> <p>The Council also has signs at all sites informing people that they can also take their litter, recycling and dog foul deposits home to put in their own bins.</p> <p>To promote recycling, the Council will, when replacing litter bins in the future, install dual-purpose bins where one part takes litter and dog foul deposits and the other side takes recyclable items.</p>														
Railings, signs, steps, lighting, bollards, disabled parking bays etc.	<p>The Council will consider requests for any of such measures to be installed on its sites on a case by case basis.</p> <p>A clear need should be demonstrated as part of any request.</p>

On the highway or other non-Town Council sites

NB Any installations on the highway or other non-Town Council sites would be subject to the permission of the relevant highways authority and/or landowner

Item	Policy Approach
Bollards Railings Seating Planters	<p>Requests for bollards and railings will be assessed on a case by case basis.</p> <p>Requests for the Town Council to install seats or planters will not be supported.</p>
Grit bins	<p>The Council will not provide grit bins around the Town. Residents are instead encouraged to organise community self-help, for example by way of appointing street monitors to coordinate volunteers to grit their own roads and pavements.</p> <p>Due to its wider availability at reasonable price, the Council no longer offers an 'ice melt' type product at a discount.</p>
Litter/dog bins	<p>The Town Council will consider whether to support requests made to the relevant highways authority to provide additional litter or dog bins, or make representations where it agrees a removed bin should be reinstated.</p>
Bus shelters	<p>The Town Council is currently responsible for two bus shelters: one at Windgreen and one near the Lambs Green Inn.</p> <p>Requests for additional bus shelters will be assessed on a case by case basis.</p> <p><i>NB Should any requests be supported, the installation of a bus shelter would be subject to consultation by, and permission from, the highways authority. Not all bus stops are suitable for bus shelters due, for example, to width restrictions or visibility issues.</i></p>
